SUMMARY

I studied communication design, then moved into software and have been doing this since 2022. I write React and Vue in the browser, NestJS or .NET Core and PostgreSQL on the server. Based in Istanbul. Looking for full-time or contract work.

EXPERIENCE

Senior Full Stack Developer 2022 – Present

Intime Info Software Solves · Istanbul, Turkey

- Vue and React screens that go to production, plus the REST APIs and PostgreSQL behind them.
- NestJS and .NET Core for login, CRUD, and connecting the UI to real data.
- Take designs from Figma into code, then leave the work in a shape someone else can continue.
- Make sure it works on a phone, stays reasonably fast, and can be used with a keyboard.
